

Instructions from Christi Crawford at Cornerstone UMC in Jonesboro:

I posted the original bracket to the church's Facebook, Instagram and the youth's GroupMe, and had people either comment with their first round votes or save the pic and highlight their first round picks and leave that in the comments section. It's easy-breezy. Then you just edit for the second round. I gave people 2 days to vote for the first round, and I'll probably continue giving people 2 days to vote, since that's kinda similar to having to wait a couple of days between tournament games.

Now, for the Final 4, I'm going to do a big reveal with pics of each cereal.
