

Excerpt from Conway FUMC's Policies and Procedures for Return to In-Person Gatherings

So we will be asking each person to bring a chair to sit in, we will have a couple available for those that need one. We will require masks at all times unless we deem it as a group of leaders that we can safely social distance with a 36 sqft bubble for each family unit and take them off. We will, of course, have masks available for those that may have forgotten theirs. If a youth is in quarantine from school or other activities due to probable contact they will be allowed to return to youth once their quarantine period has ended, but not before. If they have been diagnosed with COVID-19, then we must be notified if your child has attended an in-person youth gathering, and ask that you please keep your child at home until they have been released by a doctor. We will keep track of attendance at each in-person gathering for safety and contact tracing needs. If we have a confirmed case of COVID-19 at one of our youth gatherings then we will cancel all in-person gatherings for the two weeks following. If your youth cannot attend the gathering, we will try using zoom to allow them to participate if they choose. We will send out the link each week as we have before.

We will have some snacks and drinks that are all prepackaged single-serve options. I have also prepared for the cold already as well, and I have a few outdoor fire pits on the way for that. We encourage your child to bring a blanket if they feel they will get cold. We can not wait to see your youth, but also understand that each family will make the best choice for their youth to come back in person.
